FVTC- PUBLIC SAFETY TRAINING CENTER

Fox Valley Technical College opened the doors to the new Public Safety Training Center in the beginning of this year. Today our members got the opportunity to tour the new facility. The facility is located on County Road BB in Appleton on 75 acres by the Outagamie County Airport. The training they provide includes Law Enforcement, Emergency Medical Services, Fire Protection and Wildland Fire. They gave us a tour of the indoor classrooms and training areas which included: 2 Defense and Arrest Tactics Rooms, 2 Indoor firing ranges, EMS Lab and Ambulance Bay, Fire Training Area and Apparatus Bay, Fitness Center, Jail Training Area and Telecommunications Training Area. Outside they showed us the area for Emergency Vehicle Driving Range which included: Off-road driving area, Pursuit Track, Skid Pad and Skills Pad. They also have outdoor firing ranges. 2 50-yard tactical ranges, 100 yard firing range and a 300 yard sniper range. Also included in the tour was the fire training section. This included: 5-story class A burn building, Air rescue and firefighting training, burn pods, drafting pond, gas meter prop, HazMat, Vehicle Extrication and Car fire props, High-Angle/Technical Rescue, ladder training tower, trench and confined space rescue sprinkler lab and water and ice rescue. Lastly on the tour we saw Scenario Village (River City). That included Commercial and Residential Structures, Forced Entry/Tactical House, Permanent Mock Crime Scenes and Streets and Intersections. We want to thank Fox Valley Technical College for allowing us to tour the facility. A special Thank You to Mary Downs for arranging this visit, to Teresa Tuschl for putting everything together and to Josh Dukelow and his staff for being great tour guides. If you enjoyed your tour, or did not have the opportunity to attend, there is an opportunity on June 10th to see another awesome part of FVTC... On Wed, June 10 at 4p the doors of the FabLab open to the public! What's the "FabLab" you ask? It's a network of maker-spaces around the world, and one of them is located at Fox Valley Tech! Come see how you can use 3D printers, laser etching, vinyl cutters, and many other machines to turn your ideas into reality. More information and registration for this FREE EVENT here: www.fvtc.edu/explorefablab.

JUNE 16TH MEETING-YOUNG PROFESSIONALS COMMITTEE

Join us on June 16th when the Young Professional Committee will once again be in charge of the entire meeting from bell to bell. The meeting will include a special Father's Day tribute by Dan Flannery as well as a panel of guests from other service organizations who will discuss the challenges and issues regarding how service clubs remain relevant.

CHAMBER EXPO VOLUNTEERS NEEDED ON JUNE 10TH

Greetings, Fellow Rotarians! We all want Rotary to grow and prosper, so we're partnering with other local Rotary clubs to have a booth at the Wednesday, June 10 Chamber Business Expo (Radisson Paper Valley from 9 am-3 pm). Our goals?

- 1) To educate the community about what Rotary is and
- 2) To recruit new members.

Please sign up to help staff our booth, which is #7 in the hallway outside the ballroom, or participate in Speed Networking.

Here's how it works in 3 easy steps:

1. **Click this link** to go to our invitation page on VolunteerSpot: <http://vols.pt/TddvJv>
2. **Enter your email address:** (You will NOT need to register an account on VolunteerSpot)
3. **Sign up!** Choose your spots - VolunteerSpot will send you an automated confirmation and reminders.

Remember to proudly wear your Rotary name badge and pin when you staff the booth! Thanks for helping to Light up Rotary!
