## CAP SERVICES

CAP Services, Inc. has been on the front-line of the war on poverty since 1966. CAP, a private, non-profit corporation, offers programs in Marquette, Outagamie, Portage, Waupaca, and Waushara counties. CAP Services headquarters are located in Stevens Point, Wisconsin with offices in each of the five counties it serves. Nearly three dozen programs are offered by CAP Services through four departments to help people attain economic and emotional self-sufficiency. The Skills Enhancement Program is a locally designed workforce development program that assists working, low-income individuals obtain the skills needed to compete for living wage jobs. The program assists with tuition, books, and training-related transportation and child care costs that participants could not otherwise afford. CAP Services offers the Skills Enhancement Program to residents of Outagamie, Portage, Waupaca and Waushara counties whose incomes are at or below 150% of the federal poverty income guidelines. To be eligible, participants must be working at least 20 hours a week while enrolled, and must pursue training for occupations that pay a living wage and typically offer employer-sponsored health insurance. Graduates of the Skills Enhancement program have averaged an annual increase in earnings of over \$10,000. Project TEAM (Family Mentoring) matches low-income families working to become economically and emotionally self-sufficient with volunteer mentors to assist them in establishing goals and achieving specific skills, customized to each family's circumstances. Families work with a team of 2-4 mentors in areas such as financial management, family unity, finding employment or pursuing additional education. Families involved with Project TEAM reside in the Fox Cities area (Outagamie, northern Winnebago and northern Calumet counties), have dependent children under the age of 18 and income at or below 80% of county median. Mentors involved with Project TEAM must be able to commit to one year program involvement, meeting with a family 4-6 hours per month as they assist with the accomplishment of family goals. CAP Services has 30 programs, supports 5 counties and has 1 mission: To improve the lives of people and the communities they serve. If you would like more information please visit their website at: [www.capservices.org](http://www.capservices.org).

## **CHARLES AND ADELE HEETER OUTSTANDING COMMUNITY LEADERSHIP AWARDS**

The Charles and Adele Heeter Outstanding Community Leadership Award is bestowed on Rotarians or individuals of the Appleton/Fox Cities community who exemplify the Rotary Motto of "Service Above Self" by providing significant Rotary and/or community leadership and/or service through the use of his/her time, talent or treasury. Such leadership and/or service should reflect the standards described in the Rotary Four Way Test. These individuals should also demonstrate a strong commitment to volunteerism in one of the four Rotary Avenues of Service outside the scope of his/her normal job responsibilities. The Rotary Club of Appleton has a tradition of giving out this award which is accompanied with a Paul Harris Fellowship. It originated when Charles Heeter made a donation in the amount of \$25,000 to the Appleton Rotary Foundation. The Charles Heeter Fund was then started to recognize outstanding community leaders. Today, this endowment fund is over \$100,000 because of the generous donations from Rotarians and investment results.

This award recipient has been an active Rotarian for many years including chairing numerous committees and task forces, serving on the Rotary Board, the Rotary Foundation Board and President of our club. He was a founding member of Voices of Men and continues to be an active volunteer and supporter of the group's efforts. He proudly wears his VOM wristband and lapel pin every day. This Rotarian's organization is a major sponsor of Weight of the Fox Valley – but his involvement is far deeper than just his job. He made a commitment to a healthy lifestyle long before Weight of the Fox Valley was a program. He works out every day and knows what it takes to lose 30-40 pounds and keep it off because that is what he accomplished. He is concerned about the growing trend of obesity in children and through his leadership in Weight of the Fox Valley is making meaningful improvements to many lives. Our award recipient has been on the Neenah Parks and Recreation Commission since 1993 and during those 22 years has served as president and vice-president multiple times. During his tenure numerous parks and trails were acquired and developed, the Neenah Skate park and the new Neenah pool were constructed, the Carpenter Preserve was acquired and the department is working on a new initiative to build two new trestles to complete the loop around Little Lake Butte des Mort. The staff and director of the department wanted us to mention how much they have appreciated this award recipient's leadership and level headed approach to issues. Our recipient is an active member of CHAT - the Community Health Action Team, funded and sponsored by Theda Care and has provided leadership for a number of significant CHAT projects and programs which have benefitted our community. He is passionate about Mental Health, especially the accomplishments related to help for teens – through PATH, Providing Access to Healing – which is a school-based program designed to improve access to mental health services for children and youth who are unable to obtain care in the community. He is drawn to projects that benefit children. He served on the Governor's Task Force on Early Childhood Education and was on the core team that developed the Early Learning Center in Downtown Appleton. Our recipient is approachable, open to new ideas and is willing to take calculated risks if it will benefit the community. Rotary and our community have benefitted often from his sage advice and insistence that all stakeholders are included in decisions that affect them and their organizations. He has been a leader, advisor, mentor, participant, volunteer – and a friend to many of us in this room. And he is willing to do almost anything for a good cause including being a dancer in the Shall We Dance event for the Sexual Assault Crisis Center and a bass player in Sinfonia. Rotarians, please help me congratulate our Heeter Award recipient, Peter Kelly.
