EAA AIRVENTURE OSHKOSH

EAA AirVenture Oshkosh is an annual gathering of aviation enthusiasts held each summer at Wittman Regional Airport in Oshkosh, Wisconsin. For seven days from sunrise to well past sunset, days are filled with thrilling displays of aerobatics, informative programs and hands-on workshops, diverse aircraft spanning all eras of flight, evening programs, and much more. For many, arriving at Oshkosh is a rite of passage that can only be satisfied by being one of the more than 10,000 aircraft flying in, landing at what becomes the busiest airport in the world. Whether you're an aviation enthusiast or an aviation novice, AirVenture has something for everyone. No matter what your age, you will be entertained, informed and, thrilled by the countless activities available that reflect "The Spirit of Aviation" all around. EAA had grown from a home basement operation to an office and museum in the Milwaukee suburb of Franklin. The annual convention mirrored that growth, attracting hundreds of showplanes and tens of thousands of visitors. When sites were studied for a new home the airport in Oshkosh, WI was suggested. Oshkosh featured acreage surrounding the airport to handle the annual influx of airplanes, vehicles and tents. In 1969, the EAA board approved the move to Oshkosh. Within 6 months of the move, EAA members had created a home for the fly-in. Through the 1970 and 80's the convention exploded into national prominence. Attendance jumped into six figures each year and the event became one of sport aviation's top gatherings. EAA AirVenture Oshkosh now serves as one of the world's premier aviation events, attracting top government officials, corporate leaders and hundreds of thousands aviation enthusiasts. The event attracts 10,000 airplanes each year and more than 500,000 aviation enthusiasts who attend the event annually supply the local and state economies with more than \$110 million boost. An AirVenture participant can study the latest aircraft and innovations, discover new ideas and techniques from the nearly 1,000 forums and workshops, see aviation's top personalities, or just talk airplanes with people from around the world. EAA AirVenture Oshkosh has become important and influential but retains its friendly and personal feel – part of the reason the world comes to Oshkosh every year.

EAA AirVenture Oshkosh 2019

July 22, 2019 - July 28, 2019
