January 28th Program: Non-Profit Roundtables

Non-profit organizations make the Fox Cities a better place to live by addressing community needs and enriching our quality of life. On January 28, we will have roundtable discussions with eight different non-profit leaders about their organizations and the important roles they play in our community. This is a great opportunity to ask questions and learn more about the agencies that serve our community.

This would be a great meeting to invite a friend!

Western Great Lakes District Conference
May 1st and 2nd in Oshkosh!

About the Conference

A Joint Conference of Rotary Districts 6220 & 6270

Rotary International Districts 6220 and 6270, covering Rotary clubs the Upper Peninsula of Michigan, and the eastern half of Wisconsin are holding this and future district conferences together in order to provide an outstanding Rotary conference experience that would be more difficult to accomplish with the resources of a single district.

Rotary Districts 6220 & 6270

Today we heard from a panel of four high school students about their experience at the Nobel Conference last fall. The topic of the conference was climate change.

The students shared their experiences at the conference, what they learned, and how the experience and their learnings have effected their lives. While two of the students stated that the experience will likely influence their career path, all four acknowledged that they frequently think about their choices and how they impact climate. All four panelists were impressed by the ethics of climate change, an aspect they had not previously considered.

Students represented Appleton West, Fox Valley Lutheran, and Valley New School. Jim Bowman lead the discussion.
