2019 Community Table Event

**Today** there were 32 participants at today's meeting, our first-ever Zoom Conference! Tony Gonzalez presented on behalf of The United Way Fox Cities and Community Foundation.

These two organizations in the Fox Valley Region leveraged their long-standing relationship to create the Community Response Fund. It started with each donating \$50k and as of today has a balance of \$770k. They meet twice a week to get the money back into the community as quickly as possible.

They are doing in-depth meetings with nonprofits and are learning about the basic needs challenges many in our community are facing. This is a time of rapid change from one week to the next, and they will continue to stay on top of what those evolving needs are.

See the PPT attached in the email with this Gusto for more information.

## Libraries Continue to Provide Education & Entertainment

### Part 1

Libraries across Wisconsin have closed for an extended period of time leaving homebound lifelong learners hungry for ways to access information and recreational materials.

While physical library services are crucial, all of the local libraries have done an excellent job keeping up with technology and have a wide array of things to keep you and your loved ones busy during this extended period of physical distancing. You can even take an instructor-led course and receive certification without leaving home.

If you don't have a library card to utilize these free resources or have a problem with your card, your library is waiting to hear from you – we can even create a card for you to access digital content today! **The next Gusto will provide a list of resources at local libraries throughout the Fox Cities so stay tuned!**
